

SAFETY REGULATIONS

**Wooden Boat
Festival 2009**
on Granville Island,
August 26-29, 2010

1. Owners/Directors will ensure that their display area is safe in all aspects for any and all volunteers, participants and the general public during the entire duration of the festival including set up and take down.
2. Electrical cords need to be installed safely so that there is no trip hazard for the general public.
3. All power tools and hand tools will be rendered safe and kept away from the general public at all times.
4. Booth signage will be securely fastened to provide no hazard to the general public.
5. All vessels will be secure on their supports so as to cause no hazard to the general public.
6. All exhibitors will comply with instructions and direction of the Vancouver Wooden Boat Society, Festival organizers, CMHC Granville Island and security personnel.

Thanks for taking the time to read and comply with these regulations. I'm sure once we are through all the paperwork, we can relax and enjoy another fantastic Vancouver Wooden Boat Festival on Granville Island.

Jan Bellamy, Executive Director
